Artist Version:(Vocal only)

- Piano opens need to include a copy of the sheet music, and vocal opens do not need to do this, but do need to include the artist version instead.
- Students are not required to register or perform pieces that have been reviewed (i.e. they may choose to submit a piece for review for each division and ultimately decide not to perform them all) but they may not register a piece for an Open division that was not reviewed and approved by the Board within the stated timeline.
- Exceptions will be made only for students of new teachers who join the organization after the deadline has passed. In these cases, the Board still reserves the right to disallow a piece from an Open Division category if it does not meet the requirements.
- As stated in our Bylaws, the decision of a judge is final. If a piece is allowed by the Board and contested after a judge's decision is made, the judge's decision will stand. All judges are advised of the category descriptions prior to the start of the competition.
